

# **CLSA Code of Ethics**

## **THE FUNDAMENTAL PRINCIPLES**

**Professional Surveyors uphold and advance the integrity, honor and dignity of the surveying profession by:**

- I. Using their knowledge and skill for the advancement of human welfare;**
- II. Being honest and impartial, serving with fidelity the public, their employers, and clients;**
- III. Striving to increase the competence and prestige of the surveying profession; and**
- IV. Supporting their professional and technical societies.**

## **THE FUNDAMENTAL CANONS**

**Professional Surveyors shall:**

- 1. Hold paramount the safety, health, and welfare of the public in the performance of their professional duties.**
- 2. Perform services only in the areas of their competence.**
- 3. Issue public statements only in an objective and truthful manner.**
- 4. Act in professional matters for each employer or client as faithful agents or trustees, and shall avoid conflicts of interest.**
- 5. Build their professional reputation on the merit of their services.**
- 6. Act in such a manner as to uphold and enhance the honor, integrity, and dignity of their profession.**
- 7. Continue their professional development throughout their careers and shall provide opportunities for the professional development of those surveyors and mapping scientists under their supervision.**
